## Experience

### Fellow Maker Expert

NASSCOM Foundation

June 2022 - February 2023

- Designing the program and managing it at a high level to maximize the number of startups as an outcome.
- Designing content for student outreach and innovation training
- Mentoring and managing the cohort team's progress through weekly calls
- Working under Innovation Spaces on the technology front
- Maintaining constant contact with the Makerspace manager
- Researching to identify new and emerging technology areas for the maker space
- Working with the team to support and further the goals of the department.

### UI/UX Design Intern

TBH Circle

January 2022 - May 2022

- Worked on cross-platform applications to develop user experiences on various devices
- Converted ideas into user flows, wireframes, mock-ups, and prototypes for a user-friendly and intuitive interface
- Created website to be more responsive
- Carefully created designs that accounted for customer wants and company requirements
- Conducted user testing and gathered feedback

### SanRidge (Excelli)

UX Designer

November 2020 - July 2021

- My main objective was to comprehend product specifications, user psychology, and process gaps.
- Used inclusive and iterative design methods to create the user interface
- Delivered wireframes, final designs, and prototypes.
- Collaborated with the team regularly for design critique
- Worked closely with the team to come up with visuals to complement the experience design

---
